

Silicone Corner Guards

INSTALLATION INSTRUCTIONS:

(Kindly read through before starting)

1. Ensure your child is being supervised by an informed caregiver whilst you install.
2. Before sticking the product down, ensure you are happy with the placement.
3. Try not to touch the adhesive tape with your fingers as it will compromise the stickiness.
4. Clean the surface and the inside of the corners with alcohol swabs provided, ensuring the area is completely dry before you apply the double sided stick pads product.
5. Stick the adhesive round pads onto the 3 sides of the silicone corner guard. Giving it a rub to ensure it is stuck down completely
6. Peel backing of the double sided adhesive off on the product.
7. Paste the product on the corner ledge.
8. Leave adhesive to set for at least 12 hours before tugging.
9. Make sure you clean up afterwards, discarding of any packaging and placing the methylated spirits out of reach or in an already child proofed cabinet.

For a more permanent application:

- Use SOUDAL FIX ALL Crystal Flexible Adhesive Sealant Tube Super Clear - available at your local hardware or on www.securadeal.co.za
